2. In order that the immense potentialities along the vast coast line are exploited to the maximum extent, to begin with 17 development schemes are sanctioned under the Second Five Year Plan programme. In addition, 13 schemes are run as the regular activities of the Department. The total sanctioned grant of the Department for the current year 1957-58 is Rs. 15,18,500.

3. The crux of any development programme is the provision of trained personnel, which in turn depends on the provision of training facilities by the State to man the schemes. The various schemes sanctioned by Government aim at the extension of these facilities to the Fishing Industry, and thus contributing to the resources of the State.

4. Existing staff: The existing staff of this office as sanctioned in Government Order No. AFD 2 FSY 57 dated 1-5-57 wherein the creation of Fisheries Department was ordered consists of the following posts viz. one Head-Quarters Assistant to the Director, one Assistant Superintendent, one Accountant, one First Division Clerk and one Second Division Clerk. These posts together with the posts of one First Division Clerk and one Second Divisin Clerk sanctioned in Government Order No. AFD 61 FSY 57 dated 27-3-57 and the posts of three Junior Clerks and one typist transferred from Bombay, consequent to the reorganisation of States, constitute the present staff of this office. This staff has been found to be hardly adequate to meet at least the present needs of work, leaving the future

p.t.o.

needs when the activities of the department expand owing to the implementation of the schemes under the Second Five Year Plan. For even as at present good many establishments which employ too large a staff personnel in them are existing in the divisions constituting the Department. There are 30 Fish Curing Yards, 22 Fisheries Schools, two High Schools, one Middle School, 43 Fishermen's Cooperative Societies and one District Marketing Society, besides numerous fish farms, nurseries and inland developmental units, under the Department employing in all nearly 400 staff personnel, in them. There are, four gazetted officers in the divisions, three of whom are each in-charge of separate divisions, and one in charge ~~in charge~~ of Ice and Cold Storage Plant. The administration of control over this large numbers of establishments and the vast body of staff personnel necessarily involves large amount of work in the office, both of the administrative nature as well as of the clerical nature for meeting which the present staff requires to be suitably strengthened, in the interest of promptness and efficiency in the administration of the Department.

5. The most important aspect of development is the proper, full, efficient and immediate execution of all the schemes sanctioned by Government. To this end, sufficient staff and investment of the full power with the Director, to sanction the appointment of staff under him, to incur expenditure in running the schemes etc., are necessary, without which the progress in the implementation of the schemes is delayed at every stage, resulting in non-implementation of many schemes and non-achievement of optimum results in the cases of schemes which are implemented.

6. It is, therefore, submitted that the post of the Director be included in the list of major heads of Department and invested with additional powers to ensure the prompt and full execution of the various schemes within the time limit of the plan. Separate proposal, for the delegation of powers, will be sent to Government as early as possible.

7. The savings in the majority of the sanctioned schemes, for the year 1956-57, may be mainly attributed to the insufficient staff in the Directors Office, to initiate, guide and watch the progress of the various schemes, under the instructions of the Director. The staff as shown in the appended table is the absolute minimum and may be sanctioned.

(a) To enable the Director to devote his full and concentrated attention, for improvement on the technical side, the post of Personal Assistant to the Director (Administration) is very essential. He will attend to routine matters and dispose of office work, sign fair copies of letters approved by the Director, and thus relieve the Director of the necessity of attending to routine papers, which could be avoided. The post of Personal Assistant in the grade of Rs. 225-500 may be sanctioned.

(b) The post of manager, as is sanctioned for every office, is equally necessary to this office to coordinate the work of the different sections in this office, to see that the work in each section is properly distributed, that the staff attend to their work promptly and that incoming and out-going references of the office as a whole are received, and sent, on ~~the~~ due dates. He will also see that the class IV servants attend to their work regularly and promptly. In short he will be responsible, for the proper working of the office as a whole to the Director, in day to day matters. The scale of Rs. 180-10-300 is considered just and may be sanctioned.

(c) Superintendents:- For the prompt and efficient disposal of the office work, it is proposed to divide the office work into 5 sections (i) Establishment Section, (ii) Accounts Section, (iii) Planning and Development Section, (iv) Yards; Schools and Societies Section and (v) Miscellaneous Section, as detailed in the Statement. Each Section will be incharge of a Superintendent, assisted by two First Division Clerks and two IInd Division Clerks. The work

p.t.o.

in the office of a head of Department requires finality of decisions, and the records shall have to be correct, complete and timely and thus the above classification of sections is inevitable. Four posts of Superintendents, one for each of the first four Sections may therefore be sanctioned. The scale of Rs. 150-10-250 for the posts of Superintendents in this office is considered proper. It may be mentioned here that Government have sanctioned the grade Rs. 150-10-250, for the post of Head Clerk in the office of the Fisheries Officer, Bangalore - an office under direct subordination to this office (G.O.No. AFD 18 MFS 57 dated 13-8-1957.). In fairness tothe idea that posts obtaining for the Ministerial services in the office of the head of Department should have, if not higher scales of pay than sanctioned for a direct subordinate office, the same scale of pay sanctioned for a subordinate office. Hence the scale of Rs. 150-10-250 for Superintendents, is just and may be sanctioned. The Assistant Superintendent (post sanctioned at present) will be incharge of the miscellaneous section, consisting of stores, records, typing branch etc.

The work load in each section being heavy the posts of I Division Clerks and IInd Division Clerks, Three Typists, may be sanctioned in full.

(d) The need of sanction of a post of Stenographer to the Director, does not require any more emphasis. The provision of this post relieves the Director of the considerable amount of original writing of lengthy drafts and schemes, personally, and saves his time, which could be used in attending to other important work. The post of the stenographer in the scale of Rs. 75-200 is, therefore, essential and urgent, and may be sanctioned.

(e) The posts of Tracer and Artist are necessary to prepare graphs and charts etc, of the Department for comparative work, demonstration and propaganda purposes.

(f) Peons:- Four peons, including a personal orderly to the Director are necessary for this office and may be sanctioned in the grade Rs. 25-35.

8. A provision of Rs. 19,000/- will be required for the purchase of tables, chairs, stools, steel almirahs, technical equipment (camera, microscopes etc.,), stationery articles etc., as per details shown in the statement enclosed. At present there is only one cub-board for keeping important papers in safe custody. There are no racks to keep the office file in sufficient quantity. Hence the amount requested for may kindly be sanctioned in full.

9. Government may, therefore, be moved to sanction the required staff and contingencies, early at an estimated cost of Rs. 55,820/- and to provide the additional funds under " 40 Agriculture L-Fisheries L-1 Fisheries " during the current year, as the implementation of the various schemes under the Second Five Year Plan sanctioned by Government will be hindered in the absence of adequate staff to cope up with the additional work involved in the schemes.

Note.—Contn. Sheet

1a(a) Gazetted Staff: The proposal of the Dir for a Personal Assistant at the Head quarters is not adequately justified especially when the progress of expenditure is very slow and the total budget provision of the Department on average is in the neighbourhood of Rs 15 lakhs. The Forest Department has the second technical assistant only after reorganisation and its total annual budget is Rs 149 lakhs. The Animal Husbandry Department is carrying on with only one Headquarter Assistant and the Department proposal for a personal assistant is not so far agreed to. The difficulty of the Dir can be overcome if a senior person is brought over as Headquarter Assistant who should be able to manage efficiently the Department. The proposal of the Dir may not therefore be agreed to.

1a(b) Non gazetted Staff: Manager. The place of a manager in the office setup is outdated especially when there are posts of the grade of Superintendents in the Department. The Superintendents should be in a position to deal directly with both the Headquarter Assistants and the Head of the Department. The proposal of the Dir for a Manager may also be not agreed to.

1a(c) Superintendents: The Dir has suggested that 4 posts of Superintendents in the grade of Rs 150-250 be created. The Dir has at present one post of Assistant Superintendent in the grade of Rs 120-220. The Dir has an very ambitious and attractive plan for arranging his office. He proposes to have 4 Sections each under a Superintendent — a) Est. (b) Planning 3) Yeds etc and 4) Accounts — and cate

Serial No.

the existing Assistant Superintendent in charge of current Duties. Looking to the volume of work which the Dir is expected to turn over the necessity for 4 Superintendents does not exist. At the most 2 posts of Superintendents may be agreed — one by converting the existing post of Assistant Superintendent. The two Superintendents will then be in charge of the work as shown below:-

Superintendent (Genl) - Est, Yards, Schools and Current.

Superintendent (Planing) - Planing and Accounts.

After watching the work of the Department for some time, the necessity for further amplifying the staff can be examined.

14(d) 1st Division Clerks The Director asked for 6 additional posts, the existing being 3 including of Accountant. To begin with one post only may be agreed to, and after knowing the factual information, the question of further additions may be examined.

14(e) 2nd Division Clerks: Each first Division assistant may be given the assistance of two 2nd Div clerks. If this is accepted, the Deptt will need in all 8 2nd Division assistants, against 5 posts now existing. The Dir has suggested that 4 2nd Div clerks may be given. These posts may be agreed to for the present.

Other posts: The post of a Stenographer and only two typists (against 3 asked for)

Note.—Contn. Sheet

may be sanctioned, the question of employing a Typist and an Attdt being deferred for the present. As regards Class IV servants the Dir may be requested to approach Govt with proposals having regard to the scales prescribed in that behalf.

15) If the above proposals are agreed to, the following posts may be created for the period ending 28.2.1959 in the first instance

1) Superintendent (1) by converting the existing post of Asst Supdt Superintendent (1)

2) 1st Div Clerk (1)

3) 2nd Div Clerk (3)

4) Stenographer (1)

5) Typists (2)

16) The F.D. may be requested to agree to the posts recommended above. F.D. is requested to treat the reference as urgent

DEPARTMENT OF FISHERIES

(19) The present ministerial staff of the office consists of two First Division Clerks, one Accountant, five Second Division Clerks and one Typist. Three out of the five Second Division Clerks are each working as Receipt clerk, Despatcher and Store Clerk and the remaining two as assistants to the two First Division Clerks. The Receipt clerk in addition to registering the inward references attends to maintenance of records. The Despatcher in addition to despatch work maintains stamp accounts. The Stores Clerks

Note.—Contn. Sheet

is attending to the purchase of stores and other materials required for the Department by obtaining quotations from local dealers and distribution of stationery articles from the Government Press. He maintains stock accounts of articles purchased and also stationery articles received in the office.

Case workers require assistance for a) tracing papers b) filing the records and maintaining the files c) comparing typed matters and d) preparing proforma statements. The services of remaining two Second Division Clerks are thus utilised for providing assistance to the two case workers viz. First Division Clerks in the above manner.

During the period from the middle of June 1957 to the middle of February, 1958 about 12,500 references were dealt in the office. There have been 207 working days during the above period. So on an average 60 references were dealt by the only two case workers (I Division Clerks) in the office each day during the above period. Assuming the out-turn of work of a case worker to be 8 references per day, the number of case workers required to deal 60 references per day is 8, as against the present two numbers. The Accountant who is also in the grade of First Division Clerks is attending to bills viz. T.A., Pay and Contingent bills of the office and the contingent and T.A., bills, which are received from the divisional offices for counter-signature. Besides he attends to cash transaction in the office and acts as the cashier. He has to maintain accounts in regard to the subsidies and loans from Government of India and also to deal with bills pertaining to stores to be purchased in connection with the implementation of the Schemes, and also salt required for the fish curing yards. Stores valued

at nearly Rupees 7 lakhs are to be purchased annually and accounts are to be maintained with regard to the subsidy and loans from Government of India to the tune of more than Rupees two lakhs and Rupees five lakhs respectively. Thus there is full time work for the Accountant. The present Accountant is struggling hard to cope up with this voluminous work unassisted by any II Division Clerk.

MYSORE GOVERNMENT SECRETARIAT
NO. 2724
FEB 1958
ANIMAL HUSBANDARY & FOREST BRANCH

The post of Assistant Superintendent, which is not yet filled up, according to the noting of the Government in the Agriculture and Forest Department is to be upgraded to that of Superintendent. And also creation of additional posts of one Superintendent and one First Division Clerk, three Second Division Clerks, one Steno-typist and two Typists is indicated. With the filling up of the post of Assistant Superintendent, my minimum urgent requirements of case workers will be five.

For want of adequate staff the work in the office is in arrears. There are over 500 cases pending disposal mostly concerning service questions. Old files received from other states numbering nearly 1,700 are not yet touched as the present staff is hardly adequate to attend to even the current cases.

In view of these facts the need for sanctioning the additional staff for the office is imperative; Since the plan expenditure for 1958-59 is increased to Rs. 15 lakhs, there will be more work in this office and staff will have to be adequately strengthened. I therefore request you to sanction additional staff as recommended in my earlier letter as quickly as possible.

3. The Dir. of Fisheries suggests that two graduate assistants — one from Mysore Area and the other from the incoming areas — working in the Secretariat Department may be spared for being appointed as superintendents in his office in the posts sanctioned in G.O. of 11.4.58 in the scale of Rs 150-10-250. The Asst should have passed the Accounts and other examinations.

4. It is true that the Department should have experienced hands to organise and put the office of the Dir of Fisheries on sound footing. The proposal of the Dir may therefore be approved.

5. As regards the 1st Grade Assistants it is suggested that we may spare for our eight posts the services of Sri. R.S. Ram Rao who is at present working in our Section. If there is no objection. He was in charge of Fisheries also before the Department of Fisheries was bifurcated from the Dept of Animal Husbandry in May 1957. He is an M.A. and has passed the Accounts, Criminal and Revenue Examinations. His record is also good. He has no objection to his being considered for one of the two posts. He stands 199 in the Inter State Seniority list and his date of birth is 15.10.1925 (as ascertained from him). He is not likely to be promoted as Superintendent in the Secretariat in the near future. If approved we may recommend his name to the Dir of Fisheries

Case relates to the filling up of two posts of Superintendents in the grade of Rs.150-10-250 in the office of the Director of Fisheries. He wants experienced officials in the Secretariat knowing rules and regulations. One of them with accounts qualification. The Director of Fisheries has preferred one official acquainted with the old Mysore State Rules, etc., and the other from the integrated areas. The A. & F. Department cannot spare any hands at present in view of the pressure of work here and as we cannot afford to send any of the experienced hands, G.A.D. may therefore select suitable hands from among the Secretariat or non-Secretariat hands working in Secty. for these two posts ~~to~~ who satisfy the conditions laid down by the Director of Fisheries.

MYSORE GOVERNMENT SECRETARIAT

The Secretary to the Government of Mysore,

Bangalore.

Sir,

Sub: Supply of Typewriters - Organisation of the Office of the Director of Fisheries - Sanction of.

Ref: G.O.No. AFD 40 MFH 57 dated 11-4-58.

Adverting to the above G.O., I write to state that sanction for the appointment of Superintendents, First Division Clerk etc., has been accorded in connection with the Organisation of the Office of the Director of Fisheries. A copy of the G.O. is herewith enclosed for your kind perusal.

Provision also exists in the same G.O. for the appointment of one Stenographer and one Typist. The existing facilities for typing work in the office are far from being adequate in relation to the volume of typing work existing in the office. It has been very exacting and strenuous on the part of the typists in the office to clear away all the typing work and cope with the day to day increase of work in the office, in this regard.

I therefore request that Government's orders may please be obtained for the supply of two Typewriters

as marginally noted, for the use of stenographer and the typist respectively and issue of authorisation to the Director of Printing and Stationery Bangalore to supply the same to this office.

1. Portable type (Halda make) ...	One
2. Standard type (Policy size) of Remington make. ...	One

As action is being taken to appoint the staff provided in the above G.O. cited immediately, early equipment of the office with the typewriters also is felt to be very urgent.

I therefore solicit early orders of Government for the sanction and supply of the machines.

Sir,

Subject:- Appointment of Superintendents (Ministerial) to this office.

I write to invite reference to Government Order No. AFD 40 MFH 57 dated 11-4-1958 wherein sanction has been accorded for appointing two Superintendents in this office.

This department was bifurcated from the Animal Husbandry department in May 1957 and the Department of Fisheries has come into being since then. The work devolving on the ministerial staff has been of a varied character connected with the organisation of a new department for running its normal activities in addition to the various plan schemes in the Second Five Year Plan. All the ministerial staff drafted now, for work in this office includes these from regional sub-offices of the department and local candidates. Experience gained by those drawn from the regional offices is not adequate to meet the requirements of a newly created and expanding department. Different integrated areas have different sets of service

65

rul[illegible], modes of operation of
depa[illegible]t has become an immediate
nece[illegible] common rules and regulations
and also to prepare a departmental manual very
early. Hence, candidates who are graduates and
who have passed Local Service examinations and
have worked in offices where they have gained
experience in office administration of a Statewide
character are required. The ministerial staff
of this office are lacking in such qualifications.
They require time to get more experience in order
to fulfil the requirements of higher and res-
ponsible ministerial posts like Superintendents.

The posts of Superintendents, now
sanctioned by Government are higher posts in the
ministerial cadre and carry a pay scale of
Rs. 150-10-250. In paras supra, I have stated
the nature of work to be done and the require-
ments of the staff to be appointed against such
posts. For the present needs of this office
and filling up higher posts in the ministerial
cadre, there are no suitable candidates at
present in the department to be appointed in the
two posts of Superintendents cited.

This requirement can be met only from
out of ministerial officials working in the

Secretariat offices of the Government. Two graduates, who have passed local service examinations such as Accounts, Criminal and Civil Services, with experience in office administration of a statewide nature are required. Out of the two, one such official may be from Old Mysore and another from any of the merged parts of the State. Their services are required at least for a period of two years on loan basis, considering the needs of this new office.

I request you kindly to arrange for loaning the services of two such ministerial officers from the Secretariat offices to this department, for a period of two years for being posted as office Superintendents in the scale Rs. 150-10-250 with the usual deputation allowance.

Very early orders in regard to nomination and posting of the two candidates are solicited.

Sir,

Subject: Appointment of Superintendents in the Department of Director of Fisheries -
Reference: Letter No. GAD 140 SSM 58 dated 3/8-12-1958.

With reference to your letter cited above, I am directed to state that Shri D.S. Kapanipathy Sastry, 1st Grade Assistant of this Department has declined to accept the post of Superintendent in the Department of Director of Fisheries. The statement in original given by Shri Sastry is enclosed.

REF:-/GAD 149 SSM 58 dated 3/8th December 1958.

Submitted.

In the first instance, the circular issued from the G.A.D. indicated the payment of the Deputation allowance for those who would go as Superintendents in the Fisheries Department.

In response to that circular, I expressed my willingness to accept the said post. Now the letter from the G.A.D. indicates the non-payment of the deputation allowance as the same is not permissible under Rules 44 & 45 of M.C.S.R. The said Rules do not specifically prohibit the grant of Deputation allowance and on the other hand, there is scope to the payment of special pay for the incumbents of the posts where orduous nature of duties and additional responsibilities are involved under Art. 49 of M.C.S.R.

Recently Govt. have issued orders in a similar case of the kind by granting the deputation allowance in case of one Sri Kamalapur of Secretariat, when posted to the Editiorial Department.

Hence I regret to note my unwillingness to accept the post of Superintendent in Fisheries Department, if no deputation allowance is paid.
